ANNUAL REPORT OF THE BOARD OF SELECTMEN

The present Board of Selectmen assumed office March 7, 1933. The chief problems confronting the new Board were:

1. Increasing Cost of Town Government.

To reduce the cost of Town government, in so far as the same was possible, was the immediate task of the Board. A reduction, to some extent, was accomplished under the leadership of the Board through the cooperation of the Town officials and employees who voluntarily made a ten per cent contribution of their wages and salaries, by the interest displayed in Town government by the Taxpayers' Association and by the Finance Committee. Appropriations for ordinary expenses were thus reduced at the annual Town Meeting, and rigid economy was practiced in all Town departments to the end that the cost of government to the taxpayers of Milford be less burdensome. As a result, the cost of **ordinary** expenses of government in Milford for 1933 was $575,404.11 as against $619,767.50 in 1932. Put in another way, this reduction represents about $3.00 in the tax rate, $1.00 of taxes being required for about each $15,000.00 appropriated.

The decreases in those departments over which the Selectmen have immediate control have been decreased in 1933 from 1932, as is shown by the following table:

Department	1932	1933
Selectmen	$2,084.99	$1,395.60
Town Solicitor	2,072.73	1,080.00
Elections, registrations and Town meetings	3,678.54	2,297.06
Town Hall	2,955.15	2,764.70
Soldiers' Relief	36,883.44	26,640.20

We hope, therefore, that the citizens may conclude with us that we have contributed something in 1933 toward reducing the cost of Town government. For example, under Soldiers' Relief, a fund directly disbursed by the Board, on May 2, 1933, there were eighty-seven recipients receiving $622.20 weekly. On November 21, 1933, just before the beginning of the C. W. A. activities, this had been reduced to forty-nine recipients at a cost of $355.25, weekly. All these cases were treated on an equitable basis after investigation. When it appeared a recipient had returned to industry, or for other causes had become ineligible, his name was taken off the list, and while the Board strove to deal with each case equitably and fairly, a substantial saving resulted to the taxpayers.

2. Inability of the Town to Liquidate Uncollected Taxes.

In March, 1933, the Town held approximately $35,000.00 in tax titles. This represented property taken or sold by the Tax Collector for payment of uncollected taxes. While the Tax Collector's books, by reason of these takings, showed that the tax had been paid, nevertheless the tax titles were of no direct advantage to the Town. This situation existed in many municipalities throughout the state. To remedy this condition, the Legislature passed an act (Acts of 1933, Chapter 49) creating the Emergency Finance Board and empowered it to approve applications by those municipalities whose financial condition warranted to borrow money from the Commonwealth for ordinary maintenance expenses of an amount not exceeding the total sum represented by tax titles. Upon the passage of this Act, the Town immediately filed an application to borrow on its tax titles, authorization therefor having been given at a Special Town Meeting. After a hearing at the State House, approval was given and the Town of Milford was one of the first in the Commonwealth to change its tax titles into

ready money and thus make available the necessary funds to carry on the business of government.

The repayment of this loan to the state is not made by the Town, but as each taxpayer redeems his property, the money goes direct to the State Treasurer and the Town is given credit on its loan. At the date hereof, approximately $7,000.00 have thus been repaid, and the loan reduced that amount. The effect of this has been to make available the tax money, and at the same time extend the period of payment for the taxpayer.

3. Unemployment.

In March, 1933, unemployment of our people was a calamity existing in every city and town in the country. This condition existed for over two years. The new administration under President Roosevelt immediately set up governmental machinery to meet the situation. It is fair to say that your Board acted promptly and expeditiously in taking advantage of every piece of emergency legislation that the Town of Milford and its people might benefit thereby. Credit is due in this connection to Representative Elmer C. Nelson, who co-operated from the beginning with the Town officials in all matters arising out of these remedial acts.

The direct result of unemployment was the rapidly increasing cost of public welfare, a burden which no Town situated as Milford could continue indefinitely to withstand. The federal government passed an act by which municipalities were granted one-third of its welfare cost in 1933. Prompt action was taken by the Town under this law, suitable applications made, and as a result three instalments have been given to the Town, amounting to $19,117.51.

To further relieve the cost of public welfare caused by unemployment, the Commonwealth passed an act whereby municipalities were empowered to borrow from it a sum not exceeding the excess of its welfare cost in 1932 over that expended by it in 1929. (Acts of 1933, Chapter 307.) Upon the passage of this act, a Special Town

Meeting was immediately called, the matter was approved by the Selectmen, and after a hearing the Emergency Finance Board loaned the Town under this act the sum of $100,000.00. This loan is payable in five years at the rate of $20,000.00 per year.

To further meet the unemployment situation, the federal government inaugurated an elaborate system of public works, it to furnish thirty per cent of the cost of labor and material and the municipality to raise seventy per cent. The Selectmen immediately submitted the following projects for consideration:

1. Walling up Charles River on Town property, Central Street North.
2. Cleaning and improvements to Cedar Swamp Pond.
3. Erection of addition to the Milford High School.
4. Erection of new sidewalks throughout the Town.
5. Erection of a new Imhoff-trickler plant at sewer beds;

and other lesser improvements. After consultation with the Emergency Finance Board, it appeared that the project of an addition to the High School and of the Imhoff-trickler plant would be considered. Immediately a Special Town Meeting was called and authority given to petition the P. W. A. to borrow funds for the High School and the sewage plant, thirty per cent of which was to be a grant. Several hearings were held, a loan for the addition of the High School, amounting to $250,000.00, was acted upon favorably by the Emergency Finance Board and the State Board of the Federal Public Works Administration. The sewer project was laid on the table for the time being; the Board not considering that Milford could at this time finance the seventy per cent of the obligation.

This High School project is now under consideration by the Public Works Administration at Washington, and the Board has communicated with the two United States

Senators, the Congressman from this district and other officials in an effort to secure prompt and favorable action. If this project is allowed, an adequate addition to the High School will be built, employment will be given both the skilled and unskilled trades, and the Town will pay but seventy per cent of the cost.

In November, 1933, the federal government instituted a great civil works program under the Civil Works Administration to continue its drive to relieve the cost of public welfare and to relieve unemployment during the coming winter. Each city and town in the state was allotted so many jobs. Milford's allotment was 297. The Town officials acted promptly to take advantage of this program. Milford was among the first seven municipalities in the state and was the first Town to receive a grant under this plan.

Thirteen projects were approved, jobs were allotted to 702 persons and an average payroll of $9,000.00 has been paid out in Milford each week. The Soldiers' Relief Fund has been reduced from 49 recipients as of November 21, 1933, to 16 as of December 31, 1933, and the amount has been reduced from $355.25 to $132.50 weekly during the same period.

The C. W. A. is scheduled to expire February 15, 1934, but your officials will continue, so long as they hold office, to keep in touch with events, to act promptly when action is required, and to ever be on the alert to the end that Milford will receive her share of the benefit that may in the future be provided for.

The repeal of the Eighteenth Amendment once again legalized the sale of intoxicating liquors. By fixing the fees at a reasonably high level, applicants of standing in the community have been attracted to the business, and the surprising total of $19,154.00 has been added to the Town's income, thus relieving the taxpayer to that extent.

In conclusion, we feel that the times are so uncertain, the future outlook so unlike anything that has heretofore

existed in this country, the changes in the business and social set-up have been so rapid and unprecedented that we hesitate to commit the Town to any definite recommendations of policy for the ensuing year. Rather let the action meet the condition as it may arise, for by co-operation and mutual help of all the citizens great good can be accomplished when and if the necessity may arise.

We thank all of the other Town departments for their good will shown us during the year, and we express our gratitude to the citizens for their patience and understanding of the local problems that have arisen.

We cannot close this report without making note of the services rendered to the Town by the Town Solicitor during the year.

In addition to the regular work of his departments he devoted much of his time and ability in connection with all the Public Works projects, and this without extra compensation.

Respectfully submitted,

JOHN H. GARDELLA,
TIMOTHY W. HANNIGAN,
WILLIAM J. HAYES,
Selectmen of Milford.

REPORT OF THE HIGHWAY SURVEYOR

To the Voters of the Town of Milford:

I hereby submit my report as Highway Surveyor of the Town of Milford for 1933.

As in 1932, the General Appropriation for the Highway Department, as well as the sidewalk and oiling streets appropriation, were reduced to more than fifty per cent over previous years, with the intention that the Welfare Department was to furnish all labor. This labor was furnished up until the period when the CWA projects were started. Since that time the Welfare Department has been unable to furnish labor.

If the CWA projects continue into the coming spring and summer, or if business in general revives, it will mean that I will still be left without labor assistance from the Welfare Department, and it is necessary that at least ten laborers be with this department for at least forty weeks in the year.

The expense of the early snow and ice storms of this year has been far in excess of the small balance I had left in this department. However, I have been able to meet all labor payrolls but must carry all bills for truck hire, plowing and snow removal over as unpaid bills.

From the General Appropriation for this department comes the cost of all materials, salaries of superintendent, drivers and laborers, supplies, repairs to buildings and machinery, gas, oil, snow plowing and removal, and all other general expenditures.

I constructed a section of Cedar Street under Chapter 90 this past year. This project was completed within the money allotted, with practically $10,000 out of the $12,000 appropriated going for labor to Milford citizens, and it was also a great help to the payroll for the per-

sonnel of this department. I am sure that this construction will be a great benefit to the people of Milford and I hope that the voters will see fit to continue the Town's share of this construction in 1934.

A new cement sidewalk was constructed on East Main Street from Mt. Pleasant Street by the Sacred Heart Church and School property. Pond Street sidewalk was resurfaced with hot top dressing and several other walks were rebuilt or resurfaced with gravel or stone dust.

I would recommend that all permanent sidewalk construction in the future be constructed of cement.

Meade Street was rebuilt with trap rock and asphalt, full length of 1,250 feet and full width of 22 feet, using 600 tons of trap rock and 7,000 gallons of asphalt.

Several streets were scarified, rolled and resurfaced with light tar or oil, but due to the small appropriation for this purpose several streets were neglected. I would recommend that a sizable amount be appropriated in the future for this purpose.

I recommend that a special appropriation be made for snow removal. This expense of plowing and removing snow has increased considerably in the past few years. The Fire Department, Police Department, Doctors, and practically all travel, is by motor, and the roads must be kept open at all times for the protection of people and property, and I believe that a special appropriation should be made for this purpose and have money available for an emergency.

I also wish to inform the voters of the fact that the trucks and machinery of this department are in a poor condition. They are from five to nine years in service and the cost of upkeep is quite large. I would recommend that at least one piece of machinery be replaced each year.

Respectfully submitted,

EDWARD C. BEAULIC,
Highway Surveyor.

On hand January 1, 1934 (unbound)	43
Sold during year (unbound)	6
On hand December 30, 1934	37

Dec. 30, 1933.

To the Honorable Board of Selectmen and Voters of Milford:

For the second year in succession Milford closes its fiscal year with a deficit. The deficit this year is $3,660.70 as compared to $40,403.19 at the close of 1932. The deficit this year is due in great part to the growing practice of some of the town departments to hold bills back until the end of the year before presenting them for payment.

I would respectfully direct the attention of the Selectmen to the fact that all departments should be required to approve and present bills monthly.

Since the 28th of November thousands of dollars in bills have been approved, many of them bearing dates five or six months old. Under such circumstances it is very difficult to estimate the amount of money that will be required to discharge all obligations of the town at the end of the fiscal year, and the late presentation of bills makes it impossible to arrange to get money to meet them before the close of the year.

During the year the town has repaid to the State more than fifteen per cent of the loan it secured on its tax titles and the reduction should be greater in 1934, as many of the titles will be approaching the date upon which they must be redeemed, or foreclosure of the right of redemption be instituted by the Town.

Respectfully submitted,

B. J. CLANCY,
Treasurer.

TOWN ACCOUNTANT'S REPORT

To the Honorable Board of Selectmen and the Voters of Milford:

Herewith I submit my annual report of the financial transactions of the Town of Milford for the fiscal year ending December 31, 1933.

Included is a balance sheet, a detailed report of the receipts from all sources of income, a recapitulation and estimate sheet showing the appropriation, expenditure, balance and the estimated cost for the year of 1934 of the various departments; a detailed summary of the net funded debt of the Town and a list of the salaries and wages paid to the Town employees.

From the unexpended balances of the appropriations we added to our surplus revenue account the sum of $38,-067.48, making the total of this account $231,377.18.

There is a growing tendency among some of the departments to withhold their bills for long periods after receiving them, and I take this opportunity to ask their cooperation in curtailing this practice as it is detrimental to the best interest of the Town in many ways, especially since it is impossible to show the true condition of their appropriation at any given time.

May I thank all the departments for their cooperation and assistance during the past year.

Respectfully submitted,

MICHAEL J. HANNIGAN,
Town Accountant.

REPORT OF THE BOARD OF HEALTH

To the Citizens of the Town of Milford:

The Board of Health herewith presents its annual report, together with the report of its various appointees, for the year ending December 31, 1933.

The Board of Health for the year 1933 consisted of James Cervone, Chairman; Arthur J. Chambers, Secretary, and Clifton Tyler.

The appointments of the Board for 1933 were as follows: Meat and Provision Inspectors: Dr. Benjamin F. Hartman, Jeremiah Macchi; Sanitary Inspector, Francis McDonough; Plumbing Inspector, John E. Higgiston; Nurse, Mrs. Anna McKenna; Physician, Dr. Francis H. Lally; Dentist, Dr. William J. Clancy.

Notwithstanding the adverse, economic conditions of the past year, the health of the citizens has been securely maintained. The incidence of all of the preventable diseases has kept at an unusually low level.

Health organizations, even in periods of depression, must continue to function, for ground lost may never be recovered.

Several constructive public health measures received attention during the year. In addition to routine department work, popular education in health was continued through the usual channels of publicity.

In last year's report it was announced that measures would be taken to insure a safer milk supply for the Town. The department has given considerable attention to this important work during the year, and progress has been made.

A comparatively small number of the contagious diseases of children has been reported. All cases under quarantine have been frequently visited by the nurse, and known contacts excluded from school.

Table Showing the Number of Contagious Diseases Reported Each Month for the Year Ending Dec. 31, 1933

Totals	15	9	9	12	7	6	8	10	5	5	5	18	109

We have now completed four years of diphtheria immunization service. We are confident that the four years of effort in diphtheria prevention will soon be rewarded, and is no longer a prevalent disease in the community.

Tuberculosis is still the most important disease demanding public health attention despite the fact that there has been such a marked dimunition in its fatality. The prevention of this disease continues to be a major problem. At present considerable attention is being given to childhood tuberculosis, and while there has been a gradual lessening of the death rate in young persons, tuberculosis still remains one of the most important of the communicable diseases affecting children.

The prevention of the disease in our susceptible child population is the goal toward which we must direct our future efforts. Some of the measures employed in its control will prevent other diseases as well. Tuberculosis of bones, joints and glands is often of bovine origin, and these cases have been reduced in all localities where the milk supply is pasteurized. The eradication of tubercu-

losis among cattle and the rigid application of milk pasteurization must be enforced if we are to stop this type of infection among children.

The clinic, which is held each month for the examination of contact cases, and of all discharged sanatorium patients, has been well attended throughout the year.

Satisfactory arrangement for X-Ray service in this clinic has been made.

This indispensable aid in diagnosis will now be available without added expense to the Town.

The following reports of the various appointees show in detail the work of the department.

Respectfully submitted,

JAMES CERVONE, Chairman,
ARTHUR J. CHAMBERS, Secretary,
CLIFTON TYLER,
Milford Board of Health.

REPORT OF INSPECTOR OF PLUMBING

The following permits were issued and after being inspected the work was approved: Water closets, 58; lavatories, 35; sinks and combinations, 48; pressure boilers, 15; bath tubs, 25; drinking fountains, 3; urinals, 2; sewer connections, 6.

Respectfully submitted,

JOHN E. HIGGISTON,
Inspector of Plumbing.

To the Honorable Board of Health:

The following is a report of animals slaughtered at local slaughter houses and inspected by me during the past year:

REPORT OF BOARD OF HEALTH PHYSICIAN

To the Honorable Board of Health:

Gentlemen:

I hereby submit my report as physician to the Board for 1933.

Sacred Heart and St. Mary's Academy

Number of children examined	910
Number of children having nutrition defects	33
Number of children referred to family physician for skin condition	3
Number of children with bad tonsils	37
Number of children with teeth defects	106
Number of children having cervical glands	22
Number of children not gaining weight	9
Number of children needing special attention	11
Number of T. B. contacts examined	16
Number of children having vision defects	43
Number of children having defective hearing	16

Toxin Anti Toxin clinics were held in Dewey Hall Nov. 6, 13, 20, 27 and Dec. 4, when 390 children were inoculated; 180 were pre-school.

At the summer roundup, July 5, 6 and 7th, 80 were examined, and 154 vaccinated.

FRANCIS H. LALLY.

REPORT OF BOARD OF HEALTH NURSE

To the Honorable Board of Health:

Gentlemen:

I hereby submit my report as Board of Health Nurse for the year of 1933.

St. Mary's and Sacred Heart Academy

The value of health examinations as a procedure in discovering physical defects is perhaps best realized when we state that approximately 27 per cent of all children examined are found to have one or more defects, these defects ranging in seriousness from a simple coryza or a slight deviation in vision to a serious heart or lung condition. Dental caries lead all other defects with 12 per cent in all children examined. Records show during the past year Dr. F. H Lally, Board of Health physician, has examined 910 children.

The following are the findings:

Number of children having nutrition defects	33
Number of children advised to see family physician regarding skin condition	3
Number of children having tonsil defects	37
Number of children having tonsil defects corrected	24
Number of children having teeth defects	106
Number of children having teeth defects corrected	87
Number of children having cervical glands	22
Number of children not gaining weight	9
Number of children needing special attention	11

A home visit has been made on these children to advise parents to take child to their family physician.

Number of tuberculosis contact children examined	16
Number of tuberculosis contacts not examined	6
Number of children having vision defects	43
Number of children having vision defects corrected	40
Number of children having defective hearing	16
Number of children going to ear specialist	4

The parents of each child are notified of the defects found and advised to see their family physician regarding same.

All grades are inspected each morning by the classroom teacher, also twice each week by the health nurse. A report of all findings is given to the superior in charge. Children excluded are not allowed to return to school without showing a card from their doctor, also the Board of Health, if it be a contagious disease.

Through the courtesy of the Southern Worcester County Health Association twenty-five children having defective vision were given free examination. This was conducted by Dr. William Murphy, eye specialist of Worcester, Mass., and assisted by Miss Christine Higgine, R.N., executive secretary of the Southern Worcester Health Association.

Contagious Diseases

Number of scarlet fever cases reported	22
Number of deaths from scarlet fever	1

Number of measles cases reported 5
Number of chicken pox cases reported..... 8
Number of mumps cases reported 8
Number of whooping cough cases reported 13

A home visit was made on each reported case by the Board of Health nurse to obtain information regarding the source of infection; to instruct the family in regard to precautions against further spread of the disease To exclude children from school. Notices are sent to the library. A direct contact is made with the milk dealer delivering milk to a home where a contagious disease has been reported. May I take this opportunity to thank all milk dealers for their cooperation.

REPORT ON SUSPECT TYPHOID CARRIER

A suspect typhoid carrier was reported to the local Board of Health July, 1932.

Two feces specimens were taken from this patient each week and found positive, and in September, 1932, as a result of this report, patient was placed under quarantine.

In August, 1933, this patient went to Pondville and submitted to a bile specimen being taken and as a result of this the patient was operated on later in the month.

Since that time several feces specimens have been taken and reports show that the operation was successful.

During the period from October, 1929, at which time the case was reported, to December, 1933, the Board of Health nurse made two visits each week to teach the proper health habits and to see that they were carried out also to obtain a fece specimen.

The patient has been released from quarantine and allowed to enter school, but is still under supervision.

Since toxin antitoxin inauguration in 1930, 4,400 children have been inoculated against diphtheria. Few of us

realized what diphtheria meant to a community before mankind acquired knowledge leading to its control. The first step in the conquest of the disease was the discovery of the diphtheria germ. The next step, a few years later, was the development of diphtheria antitoxin. This was used as a means of curing cases of the disease and given as a temporary protection to persons in contact with patients. Toxin antitoxin was the next step in the fight against this dreaded disease.

During the month of November, 1933, the Local Health Department held their annual clinic. Dr. F. H. Lally, Board of Health doctor, and Mrs. Anna M. McKenna, health nurse, were in charge.

One of the first steps in our campaign was a health film, entitled "Man Against Microbe." Mr. George Gallagher, superintendent of the Metropolitan Iife Insurance Co., was able to obtain this film from Dr. Donald B. Armstrong, third vice-president of the Metropolitan Life Insurance Co. Through the kindness of Mr. Arthur Mabey it was shown at the State Theater.

Mr. Gallagher gave out to each man covering his district in Milford cards to be distributed and explaining why children should be protected against diphtheria.

Mrs. Mary Naughton, R.N., school nurse; Miss Helen C. Grady, R.N., supervisor of the District Nursing Association, with her nurses and the local health nurse, made a house-to-house campaign, explaining to mothers what toxin antitoxin really meant, advising them to go to their own family physician; then, if unable to do this, the nurse explained about the clinic that was to be held for those who were unable to have same done. In checking up this year we found over twenty-two children who had been to their family physician. Last year the number found was seven.

Number receiving the three inoculations..... 390

We find that 180 of these children were pre-school.

Number receiving but two inoculations..... 6

In addition to the nurses mentioned above, Miss Christine Higgins, R.N., southern Worcester health nurse, and three nurses from the Milford Hospital, assisted in making this clinic the success that it was. Mrs. Beatrice Lally was in charge of all records.

Vaccination and Examination of Pre-School Children, Community Summer Round-Up

This round-up was held July 5, 6, 7, in Town Hall.

Number of children attending	154
Number of children vaccinated	154
Number of children examined	80
Number found normal	53
Number found with serious defects	21
Number of teeth defects	8
Number having throat defects	21
Number having nutrition defects	55
Number 10 per cent under weight	6
Number having defective posture	4

Drs. Brown, Lenares and Footnick were the examining doctors. Dr. F. H. Lally was in charge of vaccinations.

Miss Helen Grady, R.N., supervisor, and her staff of district nurses, and Mrs. Mary Naughton, R.N., school nurse, assisted the doctors with examinations. Mrs. Anna McKenna, Board of Health nurse, assisted Dr. F. H. Lally with vaccinations.

A lay committee consisting of Mrs. Charles Gould, Chairman, Mrs. Beatrice Lally, Mrs. H. B. Lewis, Mrs. Charles Brisson, Mrs R. J. Cummings, Miss Annie Lawless, Mrs. John Manuel, Mrs. Rose Guerriere and Mrs. Bertha Morse, ably assisted in arranging for the round-up, and in every other way possible.

Consultation Chest Clinic

Consultation chest clinics were held the second Wednesday of each month at the Milford Hospital. Drs. Dufault and LaRoche, from the Rutland State Sanatorium, were the examining physicians, assisted by Miss Helen Reilly, R.N., state consultant on tuberculosis, two

student nurses from the Milford Hospital and the local Board of Health nurse.

Number of patients examined from Milford..... 116
Number of patients from twenty-four surrounding towns 157

A complete report of the findings are forwarded to the physician sending in the patient.

The doctors from the Rutland State Sanatorium and the visiting nurses, by their cooperation with the local Board of Health, have made this clinic a vast success.

Miss Helen Reilly, R.N., state consultant, has worked hard and faithfully, and much credit is due her for the continuance of this clinic.

Tuberculosis Follow Up "Early Discovery, Early Recovery"

Number of patients admitted to sanatorium in 1932 8
Number of patients admitted to sanatorium in 1933 19
Number of patients returning from sanatorium..... 9
Number of patients moved out of town 6
Number of pulmonary cases reported 9
Number of childhood cases reported 8
Number of tubercular adenitis reported 1
Number of deaths at sanatorium 3
Number of deaths at home 2
Number of home visits made 310
Number of patients now at sanatorium 19
Number of patients at home 64

Examination of all individuals who have been in contact with an open case of tuberculosis is one of the most successful ways of finding the early case for whom so much can be done.

Prevention of infection of other individuals depends upon the proper disposal of all discharges from tuberculosis lesions.

These are but a few of the reasons why a close follow up is necessary on all reported tuberculous cases.

In conclusion, may I have the opportunity to thank

Miss Mary E. Mongeau, superintendent of the Milford Hospital; Miss Helen Grady, supervisor of the District Nursing Association; Mrs. Mary Naughton, school nurse, who assisted me at any time called upon.

Respectfully submitted,

ANNA M. McKENNA,
Board of Health Nurse.

To the Honorable Board of Health:

The Dental Clinic has been operated this year on the schedule effective during the greater part of last year. During the year some necessary repairs have been made and some much-needed equipment purchased.

The record of attendance and operations performed for the year follows:

Clinician.

REPORT OF THE BOARD OF PUBLIC WELFARE

To the Honorable Board of Selectmen and the Voters of Milford:

The Board of Public Welfare respectfully submits the following report for the year ending December 31, 1933:

The year of 1933 will go down in history as the one in which the greatest economic change of all times had its inception, for in 1933 we sank to the lowest point in the depression, unparalleled in its severity.

We have seen families driven, step by step, from self-reliance to dependence. The months of job hunting are made of small things, little enough each one, but calculated to wear down in time the gayest of spirits. Our relief begins when they come to the point where they must ask for help.

This department realizes that all taxpayers are naturally interested in the efficient and economical administration of relief. Expenses have been kept as low as appeared to be consistent with proper care. We know that aid is not adequate in many cases, but in view of the large number of families requiring assistance, aid in each case must be kept as low as possible. The rendering of aid and requests for help always on the increase, your Board has spent many anxious hours in an effort to keep within reasonable bounds and at the same time prevent suffering.

We appreciate the valuable assistance given by various churches and organizations, especially the American Red Cross, which furnished this department with a generous supply of government flour. It also contributed largely to our clothing needs. Town departments in every instance have cooperated with us in accepting labor fur-

nished by us. Town employees have generously contributed from their weekly salary to carry on the burdens of this department.

Citizens in general have helped in various ways displaying a most charitable spirit. The Federal Government has contributed a quantity of pork, apples and eggs for distribution.

CIVIL WORKS PROGRAM

This winter we found ourselves facing an opportunity unique since the outset of the depression. We have Federal, State, County and local governments organized on a nation-wide scale to carry the load of unemployment relief. The Civil Works Program just launched by administration will shift a considerable share of our case load to a wage basis and this will reduce our expenditures to the lowest possible figure.

It has courage and power in it. It is a means for a great number of Milford citizens to shift from enforced idleness to work. They will go on the government payrolls at rates which are to provide "a standard of living in decency and comfort."

On November 17, 1933, the chairman of this department was appointed local Civil Works Administrator by the federal government agent, to have supervision over any public projects in the Town of Milford.

On November 20, 1933, your local administrator submitted the following projects before the State Emergency Finance Board, and the Town of Milford had the distinction of being the first town in the state to receive the money from the federal government.

CIVIL WORKS PROJECTS

Project No. 7. Resurface gravel roads throughout Town, estimated distance four miles in length, sixteen feet in width, and depth six inches.

STREETS TO RESURFACE WITH GRAVEL

Congress Street .....1 mile in length, 18 feet wide
Reservoir Street .....½ mile in length, 14 feet wide
Highland Street .....1 mile in length, 16 feet wide
Central Street .....½ mile in length, 14 feet wide
Maple Street .....½ mile in length, 16 feet wide
Camp Street .....¼ mile in length, 14 feet wide
Asylum Street .....¼ mile in length, 16 feet wide

On November 25, 1933, this project was approved to an approximate expenditure of $14,150.00 and giving employment to sixty-nine persons from November 27, 1933 to February 15, 1934.

Project No. 8. Building sidewalls along Charles River located on Town property—Beach and Central Streets.

On November 25, 1933, this project was approved to an approximate expenditure of $22,880.00 and giving employment to one hundred nine persons from November 27, 1933 to February 15, 1934.

Project No. 9. Painting Town buildings, Town Infirmary, Town Hall, Town Barn, and four school buildings.

On November 25, 1933, this project was approved to an approximate expenditure of $6,300.00 and giving employment to twenty-nine persons from November 27, 1933 to February 15, 1934.

Project No. 31. County project for regraveling roads was approved on December 12, 1933, but was not a local project, with an approximate expenditure of $18,307.00, and gave employment to one hundred thirty-five Milford citizens.

Project No. 606. Building addition to Town Infirmary on Asylum Street.

On November 27, 1933, this project was approved to an approximate expenditure of $11,140.00 and that the Massachusetts Civil Works Administration would allow $6,140.00 and the Town of Milford, out of the local Board of Public Welfare appropriation, would make a contribu-

tion of $5,000.00 and giving employment to eighteen persons from November 27, 1933 to February 15, 1934.

Project No. 607. Resurfacing portion of Cedar Street Dump.

On November 27, 1933, this project was approved to an approximate expenditure of $5,700.00 and giving employment to forty-five persons from November 27, 1933 to February 15, 1934.

Project 608. Relaying sewers on Elm Street and Mechanic Street.

On November 27, 1933, this project was approved to an approximate expenditure of $4,086.00 and giving employment to twenty-two persons from November 27, 1933 to February 15, 1934.

Project No. 1879. Straightening, repairing and cleaning of Godfrey Brook, 8,900 linear feet.

On November 27, 1933, this project was approved to an approximate expenditure of $16,650.60 and giving employment to eighty-six persons from December 6, 1933 to February 15, 1934.

Project No. 1880. Repairing of Fountain Street School, modern toilets.

On December 6, 1933, this project was approved to an approximate expenditure of $1,705.75 and giving employment to nine persons from December 6, 1933 to January 6, 1934.

Project No. 1881. Gypsy moth suppression.

On December 6, 1933, this project was approved to an approximate expenditure of $3,043.50, and giving employment to twenty-five persons from December 6, 1933 to February 15, 1934.

Project No. 2415. Improving Town Park, including construction of three Tennis Courts, cleaning and walling 1,000 feet brookstone curb at Spruce Street; concrete curb at Draper Park, Comfort Station, replacing clogged drains and misgrading.

On December 9, 1933, this project was approved to an approximate expenditure of $23,759.00, and giving em-

ployment to one hundred twenty-eight persons from December 8, 1933, to February 15, 1934.

Project No. 350. Assorting, filing and cataloging records of Town offices, Town library.

On December 20, 1933, this project was approved to an approximate expenditure of $2,600.00 and giving employment to thirty-one persons from December 20, 1933 to February 15, 1934.

This report shows that the federal government granted the Town of Milford $125,321.85, and gave employment to seven hundred six Milford citizens with an average weekly payroll of $7,356.10 from November 22, 1933, to December 31, 1933. This includes both local and county projects, and tends to relieve the Town of Milford of its obligation to the needy.

The payroll for the first week in January of 1934 was $9,200.00. This will be the weekly average until February 15, 1934.

EMERGENCY CONSERVATION WORK

Under the provisions of the Act of Congress approved March 31, 1933, relative to Emergency Conservation Work, the allotment to the Town of Milford was fifty-four young men who were physically fit, unemployed and unmarried between the ages of eighteen and twenty-five (both inclusive), who were citizens of the United States, who had dependents, and who wished to allot to these dependents a substantial portion of the thirty dollars monthly cash allowance.

Out of the fifty-four young men sent to the Emergency Conservation Camps, twenty-eight of these young men's families were receiving public relief, and they allotted twenty-five dollars per month out of their monthly cash allowance and this relieved this department of a rent charge on these families. The following is a report of how this project now stands at the end of our fiscal year:

OUTSIDE RELIEF

The total expenditure for outside relief was $69,979.00, a decrease over 1932 of $9,639.53.

At the March Town Meeting it was voted to appropriate $3,900.00 for unpaid rents of 1932, and this amount took care of one hundred fifty-eight landlords at the rate of five dollars and thirty-four cents per month.

It is under this division of the department that the greatest increase in expenditures will be noted, as it is under this heading that the unemployment situation has been met.

Throughout the first ten and one-half months of this year until the Civil Works Administration started we assigned unemployed men to work three days per week at the local infirmary, and with the Highway Department in return for aid rendered to them and their families and the other three days they were expected to look for steady employment.

The value of the services rendered by these men amounts to over $2,000.00 monthly, based on a wage scale of $3.00 per day. The men have reconstructed and widened gravel roads throughout the Town, besides the laying of new sidewalks.

They have cleared brush and have trimmed untold numbers of trees along the highways. New buildings have been put up by them and old structures repaired at our local infirmary.

MOTHERS' AID

The total expenditure for Mothers' Aid was $20,009.50, a decrease over 1932 of $1,004.90.

In carrying on Mothers' Aid work we are very grateful for the help and cooperation of the State Department of Public Welfare, which has general supervision, the Milford District Nursing Association, and the different church societies which have assisted us in this department.

OLD AGE ASSISTANCE

The total expenditure for old age assistance was $22,126.03, an increase over 1932 of $1,039.53.

The old age assistance law, which became operative on July 1, 1931, has already proven itself to give assistance to more people than any other piece of new legislation with which this department has been concerned since the enactment of Mothers' Aid law in 1913.

The Bureau of Old Age Assistance is growing rapidly and again this year we point out to the voters of Milford that it will be a grave problem to finance it.

INDOOR RELIEF

The whole number of persons having a legal settlement in the Town of Milford who received indoor relief for whole or part of the year, comprising those in the Town Infirmary and State Infirmary, was 67.

We had nine boarders with other city and town settlements at our Town Infirmary. There were four cases from Blackstone, two cases from Bellingham, three cases from Hopedale, two cases at Mt. St. Vincent, Holyoke, Massachusetts, and one child from the Child Guardianship Department. Six people were cared for at the Pondville Hospital at Norfolk, Massachusetts. Board was paid for ten children in private families at an average weekly rate of $2.00 per child.

SUMMARY OF RELIEF

The total expenditures during the fiscal year of 1933 for Town relief were $112,114.53, and reimbursements were $23,991.65, making the net expense of $88,122.88.

The total expenditures for Town Infirmary were $12,-321.96 and the revenue was $2,914.86, making the net expenses $9,407.10.

The total expenditures for emergency addition to Town Infirmary under the C. W. A. amounted to $4,109.05.

The total expenditures for unpaid rents of 1932 amounted to $3,898.20.

The net expenditures for all poor relief were $105,-537.23.

To the Board of Public Welfare:

Gentlemen:

In making this, our third report, to you and the citizens of Milford, this branch of welfare has had its extra burdens to contend with for the past twelve months. It has had a capacity house during the entire year, several bed patients calling for constant care and attention, and every effort has been made to make their declining years as comfortable as possible.

The farm has yielded an abundance of crops, in spite of the dry weather during the past summer. The matron, with the assistance of a few inmates, canned over eighteen hundred quarts of berries, fruits, vegetables, chickens, etc.

The dairy has had a few changes since last year. We lost a few head of cattle by the Tuberculin test, but their places are being filled by the raising of high-grade heifers which in the near future will make an acceptable addition to our herd of milkers. At the present time the whole herd is in its usual splendid health and condition.

Since January 1, 1933, over two hundred cords of wood have been cut and distributed among the needy.

The outstanding improvement is the new addition which has just been started under the Civil Works Program. This addition will consist of two dormitories and bathrooms, and will bring twenty-four men down from the attic into warm, well-lighted and entirely sanitary quarters. Also, a new boiler which will replace the old one that has been overtaxed for some time has been started under the same program.

We wish to extend our thanks to all assistants and employees for their cooperation and cheerfulness in carrying on the duties of this institution.

In closing this report we also wish to thank the board for their hearty and courteous cooperation during the past year.

Respectfully submitted,

BERNICE J. BRITTLE, *Matron,*
MAURICE L. BRITTLE, *Superintendent.*

REPORT OF INSPECTOR OF WIRES

To the Honorable Board of Selectmen:

Gentlemen—In presenting the annual report of this department for the year 1933, I would state that the nature of electrical construction has been much the same as last year.

The volume of new building has been very limited, but the quantity of minor changes and additions, meter changes and oil burner and refrigerator installations have required a great amount of supervision.

Several extensive filling station installations have been constructed during the year.

I regret that the large number of fires during the year have made necessary several investigations in cooperation with the Chief of the Fire Department and supervision of replacement of the damaged equipment.

In most of these the cause of the fire could not be traced to electrical defects, but in those where such was the case, it was due to additions made by ignorant persons, contrary to all safety rules.

A new edition of the "National Electrical Code" has recently been distributed to electricians and has been put in force.

The public utility companies have not installed much new equipment on account of the lack of business, but have maintained their present line work in good condition.

Respectfully submitted,

FRED M. DANIELS,
Inspector of Wires.

REPORT OF THE INSPECTOR OF ANIMALS

To the Honorable Board of Selectmen:

Gentlemen—In submitting this report I take pride in being able to say that this Town is now in the modified accredited area, which means that all cattle have been tested by the state and federal government and so declared.

Three hundred and ten cattle were tested, of which 104 reacted to the test and were destroyed. This was a very good showing, as that is about 33 per cent, and the state as a whole averaged about 40 per cent of infected animals.

At the annual inspection I found that replacements of cattle have now brought the total number of head to 265.

As a result of the test and subsequent disinfecting and reconditioning, housing conditions of cattle are much improved.

While several dogs have bitten people and been quarantined, no rabies have been reported in this Town this year.

I also examined 210 pigs, 10 sheep, 4 goats, and found them free from infectious diseases.

Respectfully submitted,

DR. B. F. HARTMAN,
Inspector of Animals.

REPORT OF THE PARK COMMISSIONERS

To the Citizens of the Town of Milford:

We hereby submit our annual report for the year ending Dec. 31, 1933.

During 1933 this department furnished employment, full time and part time, for 20 employees, citizens of Milford. This employment was as follows:

Building a new sidewalk on the Spruce Street side of Town Park, the harrowing and seeding of athletic field in Town Park, also the harrowing and seeding of Calzone Park. Building additional bleachers, the material was donated to the Department by the Veterans of Foreign Wars, and at this time we wish to extend our thanks to the V. F. W. for the donation of the material for bleachers. The remainder of the rocks in the lower end of Town Park this year was removed entirely.

On Dec. 7, 1933, this Board secured $21,706.00 from the Federal Government for improvements to our parks. Said improvements to be as follows:

Resurfacing athletic field, building of additional tennis courts, repairing of the old courts, and the addition of a swimming pool. A controversy arose as to the advisability of a swimming pool in Town Park, so that on Dec. 18 we submitted to the people in Milford a vote for their opinion of the matter. That opinion to be DO YOU FAVOR SWIMMING POOL ON TOWN PARK? Result of that vote was: a total vote of 1,823 was cast; 1,336 voted unfavorably and 487 voted favorably.

So with this expression of sentiment the Board dropped the swimming pool project and submitted additional project to C. W. A. Board in Boston, which was approved. The additional project submitted was:

The erection of tool shed and comfort station, dredging

and walling of brook in Town Park, curbing of Draper Park, and further repairing of Calzone Park, this project gave employment to 115 men.

In 1932 this Board called the attention of the citizens of Milford to the deplorable condition of the Honor Roll on Draper Park on Main Street. We again call your attention to said Honor Roll and trust that next year the voters at Town Meeting will see their way clear to erect a granite and bronze structure as we recommended last year at no expense whatsoever to the Town.

Additional equipment was added to Oliver Street playgrounds. On a census of the playgrounds this year the average daily attendance was 846. With this attendance at our playgrounds this Board feels that much is being done for the children and their parents. The playground equipment is in general very poor in condition, and at this time we trust the voters will see the matter in the proper light and allow us an additional $300.00 for repairs and general upkeep of this department.

Respectfully submitted,

SIMON P. HICKEY,
GEORGE M. FITZPATRICK,
PATRICK CARROLL,
Board of Park Commissioners, Milford, Mass.

REPORT OF THE SEWERAGE COMMISSIONERS

Milford, Mass., January 15, 1934.

The following is a report of your Sewerage Commissioners for the year ending December 31, 1933.

The Town Accountant's report carries expenditures of both Construction and Maintenance in detail to which we refer you.

In the past year 15 house connections were made, making the total 1806.

On November 27, 1933, we were fortunate in having approved by the Civil Works Administration a much needed improvement to existing sewers; that of digging up and cleaning out sewers on Elm and Mechanic Streets, where roots had grown into them; making it impossible for sewerage to pass through them—for this project we were allotted $3,086.00.

Although we only intended digging up Elm and Mechanic Streets, under the above project, we have been able to do the following work:

Dig up and relay 400 feet of sewer and build 1 manhole on Elm Street. Dig up and relay 50 feet and raise 1 manhole on Green Street. Dig up and relay and build 1 manhole on High Street. Dig up and relay and raise 1 manhole on Mechanic Street. Dig up and relay 95 feet sewer on Otis Street. The above work was completed January 16, 1934.

On January 16, 1934, we have still money available under this allotment for possibly two other streets for which we contemplate relaying.

During the year 1933 we constructed about 800 feet of 8 inch sewer and 3 manholes on Fountain Street. This work was constructed with Welfare labor at a cost of $1,400.00.

The Sewer Commissioners again call your attention to a much needed improvement at your Filtration Plant. We have gone into this matter in detail with your Selectmen, Finance Board, State Board of Health and Engineers. After this series of conferences we recommend the immediate necessity of a new Imhoff System with an approximate cost of $90,000.

Respectfully submitted,

JOHN F. ROONEY,
LEWIS PRATT,
ALFRED MARTIN,
Sewerage Commissioners.

This year, we are all aware, has been the most trying year in our memory. For those unemployed and those working short time it has been a tremendous task to meet payments of taxes.

I have used my best judgment and been as considerate as I could be to each tax payer, but for the financial good of our town and because of the laws of the State, I had no course but the one I followed in order to collect taxes. I have not singled out any individual or group, but have followed my own judgment. The very able assistance and advice of our Town Solicitor, Mr. Wm. A. Murray, was a distinct aid to me.

To those who cooperated with me throughout the year I am very thankful.

Respectfully yours,

W. J. READ,

Tax Collector.

MILFORD TOWN LIBRARY

REPORT OF THE TRUSTEES

The Trustees of the Town Library respectfully submit the following report:

The comprehensive report of the Librarian, which immediately follows, shows a decrease in the circulation during the past year.

Buying fewer books, as we are, due to a reduction in our library appropriation, the circulation we still maintain must necessarily bring greater wear and tear on the old books. The old books wear out quickly and so greatly increase both binding and replacement expense.

Our modest library budget has always required very careful spending. With the reduced budget and greatly increased use of the library, it is not possible to give satisfactory service. There are constant complaints because we have so few new books. Library service at this time is imperative, and any crippling of the influence of this constructive agency in the community would seem false economy.

The reading habit once formed will continue, but we cannot expect it to continue without new books, and our library is in dire need of books.

The Librarian and her staff have worked unceasingly to meet the increased requirements. The Trustees wish publicly to record their appreciation of the intelligent and devoted labors of the Librarian and her entire staff. The Librarian and her staff have also contributed 10% of their wages to the town.

Very truly yours,

THOMAS J. NUGENT, D.M.D.,
Chairman of the Trustees.

REPORT OF THE LIBRARIAN

To the Trustees of the Town Library:

Gentlemen:

I submit herewith the seventy-fifth annual report of the Library for the year ending December 31, 1933.

For the first time in twelve years, the circulation figures show a loss. Primarily this is due to the lack of new books. This year the town appropriation for the Library was cut $800 and last year it was cut $500. Such drastic cuts from an inadequate appropriation had serious effects on the condition of the library. First, there was the lack of new books, only one small lot was bought in the twelve months; second, the books on the shelves were in such constant use that they are now in a deplorable condition, hundreds of them unfit for circulation; third, there was no money to buy replacements and no money to rebind books in sufficient numbers. The juvenile department, especially, is in a very bad condition. As a result of this false economy, it will take the library many years to recover even its former efficiency. At such a time as this, the public needs the support of the public libraries, not only for recreation and study but for morale.

STAFF

There has been no change in the personnel of the staff. The same arrangement of work and hours has been maintained.

REGISTRATION

This year, after a lapse of five years, it was necessary to re-register the patrons using library cards. In August this work was begun and the 5,000 names carefully examined, dead and inactive cards discarded. Each active card was given a new number and a double filing card index, numerical and alphabetical, was compiled. At the close of the year, 2,050 new numbers had been used.

CIRCULATION

The Library was open 302 days, and during that time 81,427 volumes were loaned, a loss of 2,349 over the circulation of 83,776 volumes in 1932. The circulation by departments was: History, 312; Biography, 1,065; Politics and Law, 38; Travel, 1,269; Science, 532; Fiction, 48,227; Magazines and Miscellaneous, 4,120; Religion, 78; Poetry, 666; Juvenile, 25,108; Public Documents, 12.

The largest daily circulation was November 13, with 646 volumes. Once during the year the daily circulation exceeded 600, four times it exceeded 500 and 53 times it exceeded 400. The smallest daily circulation was October 31 with 57 volumes. The average daily circulation was 269.6 volumes. The average circulation per capita was 5.5 volumes.

Notices sent delinquents, 368. This applies only to first notices. Many times three or four notices are sent to a person. Patrons registered, 2,050. Visitors to Reading Room, 10,301, as against 9,864 last year, a gain of 437.

Amount collected for fines and paid to the Town Treasurer according to State law, $129.18.

*Error in list of 1932.

There were 168 volumes added during the year—by purchase, 143; by gift, 25. From the number of books purchased, 143, 36 were Junior Literary Guild books, for which the Library subscribes, and three were volumes of the American Biography for which the Library has a standing order. Of the remainder, 36 volumes were holdovers from 1932 orders, so the actual number of new books purchased in 1933 was 68 volumes.

The donors were: State of Massachusetts, four volumes; Mrs. T. E. Stacy, Miss Hazel Ward, Miss E. I. Crockett, two volumes each; Charles O. Whitney, three volumes; Friend of Samuel Seabury, Eliot Reeby, Catherine Rogers, John Jacob Hoff, Catherine Micelotta, Kenneth Henderson, K. K. Kanakami, U. S. Shipping Board, U. S. Government, Rosicrucian Order, Mrs. A. J. Shaw, Chemical Foundation, One volume each.

In addition to the donors listed, additional gifts, not catalogued, but placed on the shelves for the use of the public, were made by Charles O. Whitney, Mrs. B. F. Hartman, Mrs. James Sails, Mrs. Rudolph Roy, Violet Bishop, Edith Hill, John Holmes, Jr.

Another year of Messenger of the Sacred Heart was given by a friend of the Library. The Assistant Librarian donated copies of Liberty, and the Librarian donated the Milford Daily News for binding, also the use of the Boston Herald. There are 17 unbound volumes of Patent Office Gazette.

SCHOOLS

Books for the Silent Reading periods were supplied the pupils of Stacy School as usual. Three book reports a year were made by the pupils. A committee chosen by the Librarian, consisting of Mrs. Margaret Lewis, Mrs. Frances Chadbourne and Mrs. Irma Whitney, read the book reports selected by the teachers and sent to the Library. The committee awarded the three prizes, and the money was presented to the winners by the Librarian at the Memorial Day exercises in Town Hall. The first prize, $3.00, was given by the Principal of Stacy School, and the second and third prizes of $2.00 and $1.00 were given by the Librarian. The report of the committee was as follows: "After careful reading and serious consideration the committee has made the following decision:

First prize to Concetta D. Oliva, Grade 8, for her review of "Young Trajan."

Second prize to Elba Iadarola, Grade 8, for her review of "Blacksmith of Vilno."

Third prize to Jacob Heitin, Grade 7, for his review of "Scouting With Kit Carson."

Honorable mention to John Greene, Grade 7, for review of "Fumbled Pass"; Frances Carter, Grade 7, for review of "Katrinka"; Marjorie Kerr, Grade 7, for review of "Under the Lilacs"; Stephen Ohanian, Grade 8, for review of "Flying the Arctic."

This year the same system of book reviews is used, with especial stress on reviews of books of the Junior Literary Guild and the Newbery Prize books.

During the summer a small class of girls was formed for the State Certificate Reading. Those reading the required 20 books and making the reports received the four small certificates and the large Honor certificate. The girls were: Abigail Carter, Claire Adams, Eunice Fales, Anna May, Ruth Moss, Helen Gaskill, Barbara Sails, Katherine Nealon, Louise Gemma, Yolanda Piergustava, Cecilia Elder.

NOTES

No special observance of the 75th birthday, August 31, was made. An interesting article, written by Jacob Broudy, was published in the Daily News. The Librarian read a paper on the History of the Town Library at meetings of the Ladies' Association of the Congregational Church and the Ladies' Aid of the Universalist Church.

A stereoscope and views were given by Mrs. Rudolph Roy. Authors' signs were made by pupils under the direction of Miss Dorcas Whipple, Supervisor of Drawing. Posters asking for book donations were made by Miss Marguerite J. Taylor. Flowers were given the Library by Clifton Tyler, Harold Tyler, Mrs. James Sails, Mrs. Paul Consolette, Miss Harriett Carter. A filing box, made at the Eastman factory, was donated by Trustee Eastman.

Several sets of Italian, Polish and Armenian books were borrowed from the Division of Public Libraries in

Boston. The books circulated 237 times. Three sets are still in circulation, not included in the above figures.

More books than usual were borrowed for the use of patrons from the Boston Public Library, the State Library and the Division of Public Libraries, through the Inter-Loan Library system.

At the holiday season a self-service box was placed in the Library by the local chairman of the Health Seals. A representation of the Manger Scene was set up for the Christmas time.

A book house is in process of construction. This was cut from cardboard, with doors and windows that open. Eventually all the outside of the house will be covered with portions of book jackets showing titles, authors and pictures of juvenile books in the library. The children show great interest in finding references to the books they have read.

The pupils in Room Two, Stacy School, in charge of Miss Rita M. Daigle, observed Book Week, November 12-18, with a special program, an exhibition of books and library material, and posters illustrating use and care of books. Some of the posters were sent to the library later for exhibition and created much favorable comment. Invitations to attend the exercises were sent to the Librarian, the Assistant Librarian and the School Principal.

In May the Librarian and Assistant Librarian joined the Bay Path Library Club and attended the meetings at Whitinsville and Spencer. This club is for the interchange of library methods, discussion of work and closer union of the librarians of this section of the state.

Eight C. W. A. workers were assigned the Library. They were given such work as inexperienced people could do, reading stacks, replacing number labels and book plates, tying magazines in volumes, filing cards, starting a shelf list, etc.

The Library staff contributed $278.67 as the voluntary offering to the Town. Elsewhere the Library is credited with a smaller amount which is not correct.

DANIEL M. O'BRIEN,
Sealer of Weights and Measures.

TOWN SOLICITOR'S REPORT

During the year ending December 31, 1933, ten claims for personal injuries and property damage against the Town were settled, totaling $993.00. There are now nine suits pending against the Town for personal injuries and property damages, as against twelve suits pending on December 31, 1932.

During the year, the extensive litigation growing out of the construction of West Street in 1931 has been practically disposed of. The insurance company which bonded the Town in connection with certain phases of the work is reimbursing the Town in periodical payments for expenditures made by it, there being a balance of $600.00 still due, the same being reduced at the rate of $100.00 per month.

The Solicitor has appeared in the District Court at the request of the Police Department and of the Board of Health, and has furnished advice and given numerous opinions to the various Town departments.

Traffic regulations, uniform with other Towns, have been prepared under the direction of the Selectmen, which were adopted after a conference with a committee from the Chamber of Commerce. These have just been approved by the Department of Public Works and are now ready for publication, after which they will be in full force and effect.

As in 1932, the Tax Collector's office required considerable work and time of the Solicitor. Following the recommendations made in this report last year, a new policy was instituted in tax collections, whereby instead of advertising and selling real estate for taxes, the Town simply made a taking. This saved the expense of advertising, which ultimately had to be paid by the taxpayer, and spared the property owners the attendant publicity, the vast majority of whom would have paid if they could; nevertheless, the Solicitor had to prepare the descriptions, check them in the Registry, draw the Notices of Taking, and where a taking was made, draw the Instru-

ments of Taking, and record them in the Registry of Deeds.

During the year, 569 descriptions were prepared, as against 238 in 1932, of which 145 titles were actually taken, as against 103 in 1932. Thus 424 made an adjustment with the Collector of their taxes after the notice was served and before the taking. Those whose properties were taken, however, did not lose the beneficial interest, as two years is given to pay the tax and redeem the property. The town Treasurer's record will show the number thus redeemed, releases having been prepared by the Solicitor in each instance.

The formation of the Federal Public Administration, the Civil Works Administration, and the creation of the Emergency Finance Board, commanded the immediate attention of the Town officials. An examination of the Selectmen's Report discloses the varied activity displayed in securing all the financial benefits for the Town and its unemployed by virtue of these agencies, and they need not be repeated here. It is sufficient to say that the Solicitor has had countless consultations in respect thereto with town officials, state officials and federal officials; has appeared at all hearings on the applications of the Town for grants, loans, public projects, and for their extensions to February 15, 1934.

Anticipating that the Congress will provide additional C. W. A. Funds after February 15, 1934, the Solicitor has arranged with the State Civil Works Administration for speedy hearings for the Town in case the money is granted. It is suggested, however, that it is incumbent on the respective Town departments to advise what particular improvements are desired, and prepare the plans and the cost estimates in suitable shape for presentation.

In conclusion, thanks are extended to the Board of Selectmen and all the Town departments and officials for their co-operation and generous assistance rendered during the year.

Respectfully submitted,

WILLIAM A. MURRAY,
Town Solicitor.

HIGH LIGHTS OF 1933.

HEALTH.

1. *Anti-diphtheria immunization continued.*
2. *Six interesting and distinctive health lectures by Dr. Frederika Moore of the State Board of Health.*
3. *New achievements in the care of the school children. (See the Report of the School Physicians.)*

SAFETY.

4. *The same attention paid to fire escapes, fire drills, fire extinguishers, etc., as in former years.*
5. *Street warnings for autoists near schools; courtesy of Police Department in stationing officers at the principal schools during the intermission hours continued.*

EDUCATIONAL.

6. *On the twelfth year of double platooning at the High school, but the school is still in Class A.*
7. *Definite steps taken to secure a new High school building.*
8. *Milford High School students won the second, third and fourth Patrick Peace Prize essays.*
9. *The school children saved during the year, under the leadership of the Milford Savings Bank, $8,601.37.*

ATHLETICS.

10. *In baseball, the 1933 team won 14 out of 16 games played with schools of greater Boston, as well as those of the usual surrounding territory, while the football team of 1933 won five games and lost three. The record of the teams for clean sport remained unsullied.*

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of Milford:

We invite your careful attention to the report of our department for 1933. Rigid economy in our finances has been the rule. Health records submitted by physicians and nurses reveal a notable advance in the health of the school children.

Each succeeding year brings out more glaringly the need of more room. Steps have already been taken to secure an adequate, modern High school building.

The Fountain Street school has been completely modernized (C. W. A.) and steps are being taken to duplicate that project at the Braggville school—all the foregoing at a minimum expense to the town.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Honorable School Committee of the Town of Milford:

Gentlemen:—I herewith present my 23d annual report, the 55th of such reports in the Town's history.

RETIREMENT OF JUDGE LYNCH FROM THE SCHOOL COMMITTEE

A year ago Hon. John C. Lynch announced his retirement from the School Committee after a continuous service of thirty-three years as a member and seven years as chairman. April 24, 1933, under the leadership of the School Department, 450 of Judge Lynch's friends assembled in the Town Hall at a testimonial banquet in his honor, at which Hon. John E. Swift presided. There were many eloquent tributes by distinguished representatives of the church, the bar, the educational field and the business world to the guest of honor, as an upright judge and educator of distinction and a true friend. On behalf of the assembled guests, Mr. John T. McLoughlin presented Judge Lynch a handsome grandfather's clock (electric) in a mahogany case, and to Mrs. Lynch a beautiful bouquet.

During the evening selections were rendered by a string ensemble of Boston and Milford men, under the direction of Professor Alex DiGiannantonio. Vocal selections were rendered by Mrs. Elizabeth McNamara O'Connor of Needham, who served, first as a teacher and afterwards as supervisor of music, in the local public schools under Judge Lynch, and Miss May Ross of Milford.

HIGH SCHOOL FORECAST FOR SEPTEMBER

Present enrollments in the High, Stacy and Sixth Grade Schools at date:

High School:	Seniors	96	
	Juniors	154	
	Sophomores	205	Prospective membership
	Freshmen	223	in September, 1934.
		582	
Stacy School:	Grade VIII	255	837 High School
	Grade VII	280	
Park School:	Grave VI	106	
South Grammar:	Grade VI	77	
Plains Grammar:	Grade VI	81	544 Stacy School

HEALTH

The report of the school physicians reveals the record achievement thus far in two directions: (1) The number of normal pupils found by the physicians in their examinations of school children compare with last year's record as follows:

	1932	1933
Primary Schools	28 per cent	34 per cent
Grammar Schools	38 " "	50 " "
High School	56 " "	60 " "
All the Schools	36 " "	46 " "

(2) Number of previously reported defects corrected at the suggestion of school physicians and nurse, 997.

The reader is urged to read carefully the reports of the school physicians and the nurse farther on in this report.

During the fall term of school Dr. Frederika Moore of the State Board of Health gave a course of six lectures on health topics to the Milford grade teachers, the concluding one, illustrated with several movie reels, on the important subject of posture. In this and other ways, Massachusetts is working with Milford in the battle for the health of today's children—tomorrow's citizens!

CHANGES IN TEACHERS

High School—Left the Service

Miss Rita M. Connors, an assistant teacher in the High school since 1925, resigned towards the end of the Spring term, 1933, to become Mrs. Dr. J. B. Cleary.

Miss Regina C. Curley, an assistant teacher in the High school since 1928, resigned at the end of the Summer term, 1933, to become Mrs. Dr. John Gahan.

Entered the Service

Mr. Harold M. Moran, A.B. Boston University, 1930, assigned to teach English, History and French.

Mr. David I. Davoren, B.S. Holy Cross, 1930, assigned to teach Elementary Science and Civics.

Grades—Left the Service

Miss Julia J. McCarthy of Westboro, a teacher in the grades since 1915, resigned during the Thanksgiving recess, 1933, to become Mrs. Lavelle.

Entered the Service

Miss Irene SanClemente, State Teachers College, Framingham, 1928, assigned to Bear Hill.

Transfers

Miss M. Avis Moran, special class, Claflin school, to morning division, Grades I and II, Fountain Street school.

Miss Elizabeth Riordan, from Bear Hill to special class, Claflin school.

PROMOTION FOR MR. RIOPEL

At the end of the school year 1932-1933, we learned with regret of the resignation of Mr. Albert D. Riopel, Supervisor of Physical Education in the schools and coach of our athletic teams since 1924, who left us to accept a well-merited promotion to the position of Freshman Coach at Holy Cross, his Alma Mater.

Mr. Riopel's success here from the start, nine years ago, was outstanding, was widely known and needs no further stressing on the part of the writer. On the eve-

ning of September 25, 1933, several hundred of Mr. Riopel's friends and admirers gathered in the town hall at a testimonial banquet sponsored by the Cosmopolitan Club and presided over by Mr. John F. Curran, where many distinguished speakers paid eloquent tributes to the guest of honor and presented him with a beautiful gold watch and Mrs. Riopel with a beautiful bouquet of roses.

THE HIGH SCHOOL

Milford High School opened on September eleventh with an enrollment of approximately seven hundred twenty. This is even larger than last year's enrollment, which, at that time, was the largest in the history of the school. The enrollment by classes follows:

Seniors	109
Juniors	145
Sophomores	229
Freshmen	240
Total	723

A new plan was inaugurated in September. The old plan of a seven-period day was abolished and a six-period day was substituted. In this plan, each period was lengthened to forty-five minutes, approximately ten minutes longer than any previous period. The afternoon periods were also changed from six to five periods, also lengthening each period in the afternoon session. By this new plan, one period a week is saved in each subject and each pupil receives as many periods of additional instruction per year as there are weeks in the school year.

During this year, teachers' meetings were held every month. At these meetings many helpful suggestions were received and current problems and their solutions were discussed.

Changes

During the year, two teachers left the service after many years of faithful service. Miss Rita M. Connors left to become the bride of Dr. Cleary and Miss Regina Curley left to become the bride of Dr. Gahan.

During the Summer, Mr. Albert D. Riopel resigned to accept a position as Coach of Freshman Athletics at Holy Cross College. Mr. Riopel's work with the Baseball and Football teams at Milford High stamps him as one of the outstanding school coaches in the country.

Mr. Harold M. Moran, a graduate of Milford High School and Boston University, and Mr. David I. Davoren, a graduate of St. Mary's Academy and Holy Cross College, were elected to fill the vacancies caused by the resignations of Miss Connors and Miss Curley.

Mr. Fred E. Steeves, a graduate of Milford High School and Springfield College, was elected to fill the vacancy caused by Mr. Riopel's resignation.

New Courses

Business Science to replace the former courses in Penmanship and Arithmetic.

Italian was added to the curriculum in September. A first course in Italian will be taught this year and a second course will be started this coming year.

New Books

Jones and Bertschi General Business Science.
Russo Italian Grammar.
Carlisle and Richardson Fourth Course in Latin.

Orchestra

The High School Orchestra this year is being trained by Mr. Ben C. Lancisi, Jr. Mr. Lancisi volunteered to take over this work when Miss Comba, a member of the High school faculty, was unable to continue the fine work she started last year. Mr. Lancisi is planning a second annual concert by the Orchestra.

David Garrick Club

This Club, supervised by Miss Sadie A. O'Connell of the High school faculty, has a membership of seventy-eight. It was organized in 1922, and meets every two weeks. The purpose of this Club is to develop an appreciation of and interest in good plays and to give the members a knowledge of and practice in the production of plays.

Junior Science Club

This Club is supervised by Mr. Fred A. Metcalf of the High school faculty. It was organized in 1930, and has a membership of forty-six. Its meetings are held every third Monday. The purpose of the Club is to develop an interest in the study of science and its practical applications.

Dante Club

This is a new Club and is supervised by Mr. James V. Zurlo of the High school faculty. It has a membership of fifty and is made up from the members of the Italian classes. Its meetings are held every other Friday night. The purpose of this Club is to further the study of the Italian language and Italian affairs.

Freshman Debating and Public Speaking Club

This Club is under the supervision of Miss Inez E. San-Clemente of the High school faculty. Meetings are held every other week. The purpose of this Club is to develop the ability to express one's thoughts clearly and concisely, and to foster the poise and self-confidence so often lacking in young students in spite of their vital importance in every competitive field.

Athletics

Baseball.—The Baseball team, under the guidance of Mr. Riopel, had another very successful season. Mr. Riopel resigned during the Summer, and Mr. Steeves, his successor, took over the Football team's destiny. The Football team was severely handicapped by injuries, but was able to finish a very successful season.

Gifts

When school opened in September, the members of the faculty in the commercial department offered two prizes to be awarded at graduation to the two pupils who have taken a commercial course and have the highest averages for their four years.

The custom of collecting food and money for distribution by the Salvation Army at Thanksgiving and Christmas was continued with great success.

Pursuing Higher Education

There are twenty-five members of the class of 1933 furthering their educations in the following institutions: Boston College, 3; Boston University, 1; Clark University, 1; Dean Academy, 2; Framingham State Teachers College, 4; Middlesex Secretarial School, 1; Milford Hospital, 3; Massachusetts Institute of Technology, 2; Northeastern University, 2; Regis College, 1; St. Vincent's Hospital, Worcester, 1; Simmons College, 1; Wellesley College, 1; Y. M. C. A. School, 2.

In closing Mr. Berry extends his sincere thanks and appreciation to the members of the faculty for their cooperation, to the Superintendent for advice and help, and to the members of the School Committee for their confidence and many helpful suggestions.—Principal Frank C. Berry's second annual report.

GEORGE E. STACY SCHOOL

There were no major changes in the administration of the George E. Stacy School during the year 1933. The installation of previously approved textbooks was completed and the new courses are giving general satisfaction.

The school enrollment continues to tax the capacity of every room and the operation of N. R. A. codes has resulted in increased registration of children between the ages of fourteen and sixteen. Present indications are that the child labor provisions of the codes will be made

permanent, and I feel that the schools should begin to plan definitely for the provision of a suitable program for these children.

If a child progresses normally, he should have completed the work of the eighth grade before the age of fourteen. The fact that many pupils above the compulsory school age are still enrolled in the Stacy School indicates that special programs, including minimum essential courses and an opportunity for some type of vocational work, should be instituted.

I have referred to this problem in previous reports, but feel that the situation has been aggravated by economic conditions and I strongly urge immediate action. I am aware of the difficulties connected with any attempt at new educational opportunities, but since several improvements may be made without appreciable increase of expenditure I am referring to them in this report.

My first suggestion is that a regular teacher be provided at least three days a week for the teaching of Domestic Science and Household Arts. The work of the practice teachers from Framingham State Teachers College is excellent, but it is my belief that a permanent and experienced teacher could secure still better results.

I have referred in previous reports to the value of extra instruction in Home Economics for those girls who will not enter High School and for those girls who do not show aptitude for the regular class instruction. At the present time we are able to secure teachers from Framingham only on Thursday and Friday, which means that every girl in the school must take the subjects in single periods. If a teacher were available on other days a program could be arranged which would allow extra time to those girls who will most profit from the instruction.

Classes in Mothercraft have been a valuable feature in our curriculum for many years. These classes were supported entirely by Quinshipaug Woman's Club and Mrs. William F. Sherburne served as instructor. Because of necessary economy, Quinshipaug Woman's Club

was forced to discontinue its support of the course this year, but has kindly offered to donate its equipment to the school department. I believe that Mrs. Sherburne will consent to continue as instructor if the expenses incidental to the course, amounting to not over $50, are assumed by the school department. If the town were required to pay an instructor and purchase equipment, it would necessitate a considerable outlay, and I hope that arrangements will be made to accept this offer so that a course whose benefits have been apparent for years will not be lost to the children of the school.

I have conferred with the Supervisor of Music, Miss Helena F. Swift, concerning a possible change in the music requirements for the pupils of this school. Since our plans are still in a tentative stage, I shall not discuss them in detail but state that we contemplate a change in the distribution of time allotted to music and possibly an arrangement whereby the subject will become semi-elective.

For several years I have been considering the advisability of instituting a single-session program in this school and now bring it to your attention, without recommendation. The tendency in centralized schools seems to be toward a single session and the Stacy School draws pupils from every corner of the town. For those pupils who must bring lunches, the 80-minute noon recess is too long, and for those who live at some distance from the school and yet go home to dinner, the period is too short.

If a single session, from eight to one, were established it would be possible to make up a daily schedule in place of the present weekly schedule. For example: if it were found desirable to substitute two fifty-minute periods for music in place of the present daily twenty-minute periods it would be possible to have a six-period day on those days when music was scheduled. This cannot be done under a double session without cutting the time allotment for regular subjects beyond the point of greatest efficiency.

The effects of a change from double to single sessions extend beyond administrative details, however, and for that reason I hesitate to make a positive recommendation. The convenience of parents should be considered, and I have no way of determining which plan would be favored by a majority. If the matter could be discussed by the School Committee, undoubtedly a broader view of the problem could be secured and public sentiment could be more accurately determined.

This school is handicapped by the lack of a suitable assembly hall. Mr. Berry has been extremely co-operative in permitting the use of the High School Hall, but our enrollment is so large that three separate meetings are necessary to accommodate every pupil, and with the exception of the Memorial Day exercises at Town Hall there are few opportunities for group meetings.

The American Legion Medal Awards for school citizenship were conferred upon Miss Concetta D. Oliva and Frederick Mainini. Other awards were the Music Appreciation Notebook Prizes of $2.50 each, presented by Miss Helena F. Swift, which were won by Yolanda Tumolo and Lillian Kosciak, and the Library Book Report Prizes of $3, $2 and $1, which were won by Concetta Oliva, Elba Iadarola and Jacob Heitin. In a state-wide Mothercraft Essay Contest, Sylvia Williamson was awarded third prize and fourth prize went to Eleanor Dunton.

In conclusion, may I express my gratitude for the many courtesies extended to me by the teachers of the Stacy School, the Superintendent and the School Committee.—Report of Principal John L. Davoren.

PASSING OF CHILD LABOR

Child labor, especially of minors 14 to 16 years of age, has been greatly reduced; only 85 cards for those 14 to 16 years were in force in the year 1933! Of these, 37 were hold-overs from 1932 or earlier; only 48 new cards were written in this class. Of these, all were for girls

(largely home permits), with the C2 cards about all that is left.

CONTINUATION SCHOOL

The boys' continuation school was discontinued at the end of the Summer term, 1933. The girls' school was continued, with classes Wednesday and Thursday afternoons in charge of Miss Beatrice J. Fleming, who reports on her work as follows:

"The first week the enrollment listed fifteen minors between the ages of fourteen and sixteen. This number increased to twenty-four by the following week. The total number now in attendance is twenty-eight minors.

"Instruction is given to these pupils, who have left regular school under pressure from the homes or for financial reasons, in subjects pertaining to their everyday lives, namely: arithmetic, hygiene, civics, English, serving and cooking. In the domestic subjects, the girls are taught how to choose, make and repair clothing and to plan, cook and serve well-balanced meals.

"Much interest is shown in these classes, which is proven by the desire of several of the girls to continue in the school after their sixteenth birthday."

SPECIAL CLASSES

All the three atypical classes are smaller than one year ago. They are under the same management and leadership as at that time except that December 1, 1933, Miss M. Avis Moran of the Claflin section was transferred to Fountain Street and Miss Elizabeth Riordan of the Bear Hill school took charge of the class at the Claflin school. It is possible with somewhat smaller numbers to maintain much better discipline and secure better results as regards scholarship. This is being done.

A NEW PHYSICAL DIRECTOR

Following the resignation of Mr. Riopel last Summer, nearly fifty men in the same line became interested in

the position, a surprisingly large number of whom were excellently qualified for the work. After careful consideration of the claims of the various candidates, the committee, having in mind the special demands of the position in Milford, unanimously elected Mr. Fred E. Steeves, Milford High School, 1924, B.S. Springfield College, with several years of successful experience as an athletic coach. Mr. Steeves speaks of his work in Milford as follows:

"The grade schools' calisthenics and exercise drills were found to be well incorporated both in pupils and teachers, a fact which speaks highly of the activity and ability of Mr. Riopel, my predecessor.

"In the Stacy school, a flag is being presented weekly in the seventh and eighth grades to the class which in the opinion of the director presents the best drill. The points used in judging are posture, execution of movements, response or discipline. It is found that the rivalry over the possession of this flag incites keen interest among the students, and the excellence of the drills speaks well for the fine work done by the pupils and teachers.

"The football team went through a difficult season with five victories and three losses, and at all times conducted itself in a manner complimentary to its school. The team was outfitted with complete new uniforms, and went through the campaign with no serious injuries."

MUSIC DEPARTMENT

With the hearty co-operation of an energetic corps of teachers, it has been our aim to inspire a love of good music, to develop a musical voice, to teach sight-singing, and to induce musical interpretation on the part of the pupils, who are subsequently encouraged to translate these purposes into oral values.

Developing their musical education from the simple folk lyric through the melodies of the greatest national composers of song, cantata and oratorio, the pupils have

become acquainted with and drilled upon those works which will permanently enrich their lives.

Aside from the elements in notation of music, melodic and rhythmic drill have been used as a means to secure the necessary attention for voice quality and articulation in order to enable the boy and girl to achieve the desired goal.—Report of Miss Helena F. Swift, Supervisor.

ART DEPARTMENT

The activities of the art department of the Milford High school outside the general course of study have been somewhat more extensive in the past year than formerly. Among these are included lettering work done for the Town Library, Latin quotations and translations in illuminated letters for Latin classes, and after a study of symbols and their meanings, large original symbols of cardboard were designed to represent each class of the High school, including the David Garrick Club and study rooms.

Posters made for special occasions have shown good ideas and workmanship, with a decided interest by pupils in this type of work. The largest project along this line was that carried out for the Lions' Club Milk Fund concert, when some thirty-five posters were made and displayed in store windows about town. The Lions' Club generously supplied the poster board which made such an extensive project possible.

Both in the High and Stacy schools, through the designing of book posters, it is hoped to call the attention of the pupils to the abuses that books at our public library sometimes suffer through carelessness and ignorance—for by creating these ideas in poster form, it brings before them more forcibly the responsibility they should have in the use of these books.

Many students at High school have shown much interest in modeling, not only learning to copy from modeled forms but also to design for themselves and cast in plas-

ter, paperweights, bookends and the forms of automobile bodies, designing them along the modern streamline idea.

Usually art appreciation in the High and Junior High schools has been through the study of famous paintings of the old masters. Such study is still used in the Stacy school, but in the High school art classes this appreciation study is now turned to other forms of art work. Feeling that the average layman does not know the difference between an etching and an engraving, a pastel and a water color, a stained glass window and a mosaic, the Supervisor has mapped out a lecture course which explains what they are, how they are made and, when possible, displays samples of such work. The list includes oil painting, water color, pastel, pen and ink, block prints, enamels, pottery, blown glass, stained glass, mosaics, Oriental rugs, metal craft, wood carving and sculpture.

A new course in mechanical drawing of one hour a week is now open to boys of the eighth grade of the Stacy school. This course is held in the drawing room of the High school Thursday mornings while the girls are attending the cooking classes. Attendance is not compulsory, simply giving a boy the chance to see if he is fitted for a mechanical trade or has drafting ability.

Eight seniors of the graduating class of 1933 competed for the Commencement cover and the Oak, Lily and Ivy year book cover.

Two students were prepared and successfully entered art schools the past year.

The art department assisted in the decorating for the High School Orchestra concert in May, 1933.

The usual Christmas projects were carried out.—Report of Miss Dorcas Whipple, Art Supervisor.

Not all can become artists, but everyone, even the child in the elementary grades, may be taught to appreciate art. During the past year the pupils have had lessons in nature study which have helped to increase their powers of observation and have taught them to value harmony

both in color and design. Poster work has aided them in balanced arrangement and has made lessons in lettering more interesting. Free brush work brought forth surprisingly original and individual designs. Every child secures profitable results and derives great pleasure from each art lesson.

For Christmas this year the pupils made transparencies which had the effect of stained glass windows, subjects chosen being appropriate to the season. Among the other projects were Christmas booklets, pads and other practical gifts.

The classrooms have been brightened by drawings done by the pupils, and many a drab corner has been made cheerful by a colorful display.

The teachers in the special classes have worked with unceasing patience, and as a result the children have accomplished much in both satisfactory art work and handicraft.—Report of Miss Margaret V. Condon, Assistant Art Supervisor.

CO-OPERATING ACTIVITIES

Thrift Savings

Under the leadership of the Milford Savings Bank, the school children saved $8,601.37 in 1933.

Mothercraft

Ninety-two girls of the eighth grade of the Stacy school were graduated in the Mothercraft Class of 1933. This course, which embraces simple lessons in Personal Hygiene, home nursing, care of the home and the care and feeding of infants, has proven most helpful to these girls, and it is a matter of much regret that the Quinshipaug Woman's Club was unable to finance it this year.

A study that has been endorsed by such educators as the late President Eliot of Harvard, Dr. Payson Smith, Dr. John Hames, 2nd, President, Tuberculosis Association, speaks for itself, and is a recognized subject in many schools.

School courses in Mothercraft have proven to be of much value to the girls who leave school at the end of the

eighth grade work, and has brought much happiness and enlightenment into many homes, especially to the homes of foreign-born parents.—Comment of Mrs. Mary H. Sherburne on the work.

The thanks of this department are due and are hereby extended to the Quinshipaug Woman's Club, who have fostered this work for so many years, as well as to Mrs. Sherburne, who has carried on the work so efficiently.

It was with great regret that we learned that the work had to be given up. I hope that the work may be continued by this department and the small sum necessary for this project be included in the new budget.

Milford 4-H Club Work in 1933

One of the best exhibits ever held in the life of the 4-H Club of Milford took place May 19, 1933. The exhibit consisted of clothing, food and homecraft done by ninety-five girls under supervision of five leaders and four junior leaders.

Twenty garden club members completed their project. Ten boys made a wonderful showing at the exhibit of handicraft work.—Account of Mrs. Elmer Rose, Town Director.

MILFORD TEACHERS' ASSOCIATION

President.....Frank C. Berry
Vice-President .....Miss Marion B. Greeley
Treasurer.....Miss Catherine E. Curtin
Secretary.....Harold M. Moran

The Milford Teachers' Association was formed in November, 1913. Its purpose is to "promote mutual acquaintance among the members, to provide timely social diversions, to create opportunities for intellectual improvement, and to enkindle in our school system generally a healthy and hearty *esprit de corps*."

There are four regular meetings of the Association held each year and such special meetings as may be called by the President at his discretion, and must be called by him at the written request of ten members.

LIONS CLUB MILK FUND

In the fall, the Milford Lions Club, interested and active in various good causes, raised a fund of $1,300 with which they have been supplying milk for children in all the first grades in town since the beginning of the present term. The thanks of this department are due and are hereby cordially extended to the Lions for this fine piece of work.

GIFTS

SPECIAL GIFT TO THE HIGH SCHOOL

The committee on the testimonial to Judge Lynch presented to the High school a life-size sepia portrait of Judge Lynch done by Flannery and suitably framed in a handsome quartered oak frame.

GIFT OF A GLOBE AT THE OLIVER STREET SCHOOL

The fourth grade in Miss Curran's room presented a fine twelve inch globe to their room.

ADDITION TO THE FOUNTAIN STREET SCHOOL

Late in the year, the modernization of the Fountain Street school was completed with an addition 10 feet by 12 feet in the rear, substantially built and suitably furnished (toilet conveniences, wash bowl and bubblers), furnace heated and connected with town water and sewers. The building was painted two coats outside and the interior redecorated. The grounds have been somewhat improved and a cement walk from the street to the entrance platform is in prospect. Estimated cost:

Special Town appropriation	$ 442.00
Balance (C. W. A.)	1,380.00
	$1,822.00

In charge of Mr. John C. Ripley.

OTHER REPAIRS AND IMPROVEMENTS

Carpentry

New floors in halls and two rooms at Chapin Street;

roof of High school portable No. 2 recovered; Braggville school roof reshingled (one side).

Painting

Oliver Street school painted two coats outside.

Special Painting Projects
(C. W. A.)

Claflin, West Street, Chapin Street, Hoboken, High School and Park portable, painted one coat outside; Principal's office at the George E. Stacy school redecorated; fire escapes at the Claflin and Plains Annex repainted.

Plumbing and Heating

New radiators and two control-dampers at the High school; toilet repairs at the Stacy, Spruce Street and Plains Primary schools; the usual overhauling of heating systems.

Electrical Projects

South Grammar and Plains Primary schools wired and equipped with electric lights and clock outlets.

Miscellaneous

New roof over one stack at High school.
Other minor repairs.

This department expresses its appreciation to Mr. Coleman and Mr. Curtin of the C. W. A. administration for courtesies extended in connection with the above and clerical assistants assigned to this office.

In conclusion, I cordially thank your committee on behalf of myself and my co-workers for many instances of consideration and expressions of encouragement, and to my co-workers I extend my appreciation of their constant co-operation and willingness to help in a substantial way.

Respectfully submitted,

ALMORIN O. CASWELL,
Superintendent of Schools.

REPORT OF THE SCHOOL PHYSICIANS

Milford, Mass., January 3, 1934.

To the School Committee of Milford:

We have the pleasure of reporting this year that we found 46% of our pupils free from notable defects—nearly one-half of the total number examined.

Judging from the number of defects which have been corrected or treated, it is evident that some children are receiving more benefit than others from the medical inspection. Many parents have co-operated promptly and eagerly to remedy the faults. Others have done nothing, but this is not due in all cases to neglect nor to carelessness; money has not been plentiful in recent years.

Our investigations reveal the fact that 997 previously reported defects have been corrected or treated, an excellent showing. On the other hand, we regret to report 385 cases of poor nutrition or poor development and 206 cases of bad posture, faults which may often be remedied without much expense.

Especially do we urge that the younger children, that is, the pupils of the first four grades, be given more attention; frequently their health as well as their scholarship is retarded by physical defects unrecognized.

The following tables are presented to give a summary of the results of the annual inspection.

RESULTS OF SCHOOL INSPECTION, 1933

Primary Department—Number of Pupils, 1,120

No. having no notable defects	382=34%
No. having slight defects	443
No. having serious defects	295
No. having mouth or teeth defects	567

No. having nose or throat defects	331
No. having miscellaneous defects	10

Grammar Department—Number of Pupils, 1,050

No. having no notable defects	520=50%
No. having slight defects	246
No. having serious defects	284
No. having mouth or teeth defects	424
No. having nose or throat defects	192
No. having miscellaneous defects	20

High School Department—Number of Pupils, 687

No. having no notable defects	415=60%
No. having slight defects	156
No. having serious defects	116
No. having mouth or teeth defects	187
No. having nose or throat defects	87
No. having miscellaneous defects	40

Whole School—Number of Pupils, 2,857

No. having no notable defects	1,317=46%
No. having slight defects	845
No. having serious defects	695
No. having mouth or teeth defects	1,178
No. having nose or throat defects	610

REPORT OF THE SCHOOL NURSE FOR 1933

Assisted School Physicians with examinations of all pupils.

Followed up defects found at time of annual health examination to secure correction of defects.

All pupils have been weighed and measured once.

All pupils in the first four grades have been weighed three times.

Have accompanied children to clinics and hospitals when the need arose.

Have attended eight health conferences, also Massachusetts State Nurses' Association annual meeting at Springfield, October 16, 17 and 18.

No. of children having physical examination and X-ray of chest at Chadwick Clinic	32
No. of children found to be improved	32
No. of children attending Sterling Health Camp on the recommendation of Dr. Zachs of the Chadwick Clinic	3
No. of children having eyes examined by Dr. Stanley E. Copeland of Worcester	50
No. of children having eyes examined by Dr. Ralph Ruggles	36
No. of children fitted to glasses	76
No. of children not fitted to glasses for lack of funds	10
No. of children six years of age on or before April 1, 1928, registering on June 6, 7 and 8	200
No. of children already vaccinated	46
No. of children having vaccination and physical examinations by the family physician	36
No. of children vaccinated at summer round-up at the Town Hall	118

No. of children having physical examinations by physicians at the summer round-up	50
No. of first graders having all physical defects corrected	135
No. of first graders having Toxin-Antitoxin	230
No. of first graders who have not had Toxin-Antitoxin	20
No. of children having Scarlet Fever	10
No. of children having Whooping Cough	10
No. of children having Chicken-pox	10
No. of children having Mumps	33
No. of children having Measles	1

Older boys and girls of the special classes helped with preparations for the registration of first graders in June and have been of very valuable assistance throughout the year with weighing, measuring and the carrying-out of clinics.

Proceeds from the sale of Christmas seals and buttons financed the eye examinations of 50 pupils by Stanley Copeland, M.D., of Worcester, as well as an eight-week stay at Sterling Health Camp for three under-nourished pre-tubercular girls.

Total cash collected for seals and buttons for 1933, $54.00.

Tune: "Homeward"

Classmates, we gather here
  To bid farewell;
What future years may bring
  We cannot tell.
Dear Alma Mater, we
Pledge each our faith to thee;
In our triumphs or defeats
We'll love thee still.

Up life's broad highway we'll
  Go unafraid;
Knowledge will guide us right
  O'er hill and glade.
You, Alma Mater dear,
Have dispelled every fear;
Passing years can ne'er erase
Our mem'ries of thee.

May some new dawning find
  Us hand in hand,
Making our voices heard
  Throughout the land.
Youths of today are we;
Soon leaders we shall be,
Faithful to our motto fair,
"Deeds not words."

ADJOURNED TOWN MEETING, MARCH 13, 1933

COMMONWEALTH OF MASSACHUSETTS

Milford, March 13, 1933.

Worcester, ss.

In pursuance to a vote passed at the Annual Town Meeting, March 6, 1933, the inhabitants of the Town of Milford, qualified by law to vote in elections and in Town affairs, met in Town Hall on the above date and proceeded as follows:

The meeting was called to order at eight o'clock P. M. by John T. McLoughlin, Moderator.

Article 3. Voted: To receive and accept the reports of all Town officers as printed in the annual Town reports.

Voted: To take up Article 5. It was moved: That all

personal and real estate taxes shall become due and payable October 15, 1933.

On all taxes remaining unpaid November 1, 1933, interest at the rate of six per cent per annum on all taxes amounting to Two Hundred Dollars ($200.00), and eight per cent per annum on all taxes in excess of Two Hundred Dollars ($200.00) shall be charged from October 15, 1933.

The Collector shall be paid the sum of Thirty-five Hundred Dollars ($3,500.00) per annum for the collection of all taxes and assessments. The Town of Milford shall pay all expenses incurred by the Collector in law and equity in collecting said taxes and assessments.

The Town of Milford shall pay all expenses of the Collector's office, except clerk hire, which expense shall be paid by the Collector from his own salary.

That part of the motion with reference to salary and expenses was amended to read as follows: The Collector shall be paid the sum of Thirty-one Hundred and Fifty Dollars ($3,150.00) per annum for the collection of all taxes and assessments. The Town of Milford shall pay the sum of Eight Hundred Dollars ($800.00) for all expenses of the Collector's office, excepting clerk hire, which expense shall be paid by the Collector from his salary.

The motion as amended was declared carried, by a voice vote, and it was Voted: That all personal and real estate taxes shall become due and payable October 15, 1933.

On all taxes remaining unpaid November 1, 1933, interest at the rate of six per cent per annum on all taxes amounting to Two Hundred Dollars ($200.00) and eight per cent per annum on all taxes in excess of Two Hundred Dollars ($200.00) shall be charged for October 15, 1933.

Report of the Finance Committee

In making up the report of the Finance Committee for the year 1933, it seems unnecessary to emphasize the real necessity for further economy and more reduction over 1932.

Your committee feel that, unlike years in the past, it is not now a question of the needs of the department as much as the ability of the citizens to meet the tax levy. The long lists in the daily paper of property, including

many homes sold for taxes, speak in language stronger and more eloquent than is at the command of your Finance Board. That worthy citizens should lose their homes, or any property for that matter, through no fault of their own should be the concern of every citizen.

There seems to be no question but that the Collector of Taxes finds it more difficult each year to gather the funds necessary to carry on the functions of the Town. This in turn has an effect on the Town's credit and makes it difficult for our Treasurer to negotiate loans in anticipation of taxes, which may cause deferred payments of bills and weekly payrolls, which again reflects discredit on our Town as a going concern. This present unsatisfactory condition is, unfortunately, not just a local matter, but is universal.

The national income is less than half, and many basic industries are working below 25 per cent of normal with no indications of improvement visible at present, in which case it seems the part of prudence to lay plans for its continuance for some time to come.

Your committee lays no claim to being infallible, but at least have made an honest effort to prepare a budget which would be fair to both the taxpayers and the Town employees. To get exact and entailed information on all items of the various departments would require more time than your Board has at its disposal, but any matter which seems to warrant it has been looked into thoroughly by individual members or sub-committees,, and for that reason we would ask that you do not lightly disregard the recommendations of your Finance Board who have the difficult task of considering the merits of an appropriation, and also the ability of the taxpayers to pay the bill.

The following we submit as our report for the year 1933:

Article 27. Selectman William J. Hayes, Chairman of a committee appointed to investigate the advisability of changing the form of Town Government, submitted the following report.

Committee's Report on Proposed Change of Town Government

Your committee met for organization shortly after the last annual Town Meeting. It organized with Mr. Hayes as Chairman, and Mr. Byrne as Secretary. Thereafter during the summer the various members of the committee or the Secretary either visited or communicated with the several communities in the Commonwealth which have adopted the modified system of Town Government. They are as follows:

Arlington, Milton, Belmont, Methuen, Brookline, Saugus, Dartmouth, Swampscott, Dedham, Danvers, Fair-

haven, Watertown, Greenfield, Weymouth, Lexington, West Springfield, Ludlow, Winchester, Winthrop.

In addition to these towns, the towns of Webster and South Hadley have petitioned the present Legislature for authority to submit this question to the voters of their respective communities.

In every instance the authorities in each of these communities spoke very highly of the plan and reported that since it was adopted in these communities it had worked successfully.

In the event that the townspeople vote to adopt this system of government, there will be an original expense amounting to approximately $500.00, which will cover the cost of maps and plans showing the division of the Town into precincts and also the cost of furnishing the necessary equipment that is to be installed in the polling place in each of the several precincts. The Town will have to be divided into at least four precincts, as the law will not permit more than 2,000 voters in any one precinct. The Secretary of State furnishes, at the expense of the Commonwealth, ballot boxes for each new precinct.

There are 6,442 registered voters in Milford and the Town Hall has a seating capacity of approximately 1,285; therefore it is apparent that a great many citizens are unable to take part in the conduct of the Town's business on account of lack of accommodation.

It, therefore, is the report of your committee that the provisions of Article 27 be adopted and that the Town petition the Legislature for permission to adopt the standard form of Town government and submit the question to the townspeople for acceptance or rejection on the ballot at the next annual Town Meeting.

A copy of Chapter 314 of the Acts of 1931, which is the Act establishing a standard form of representative

Town Meeting Government, is attached hereto and made a part of this report.

Chapter 341 General Laws of Massachusetts.

An Act establishing a standard form of representative Town Meeting Government.

WILLIAM J. HAYES, *Chairman.*
WILLIAM F. BYRNE, *Secretary.*

Voted: To receive and accept the report and place same on file.

Voted: That the Town petition the Legislature to constitute and establish a Form of Representative Town Meeting Government, the same to take effect upon its acceptance by the Town at a referendum vote on the official ballot. Voice vote.

A motion to take up Article 24 was defeated. Voice vote.

A motion to take up Article 4 was defeated. Voice vote.

Article 28. To appoint a committee to investigate the purchase and installation of voting machines to be used in the Town of Milford, said committee to make its report at any future Town Meeting of the Town. Committee of seven to be appointed by the Moderator.

Article 29. Voted: To refer the subject matter of the Article to the Tree Warden.

Article 30. Voted: To raise and appropriate the sum of Nine Hundred Dollars ($900.00) for the extension of the sewer system from its present termination on Fountain Street to the home of Pasquale Nargi, Fountain Street.

Voted: To pass over the remainder of the Article.

A motion. To adjourn until Friday evening, March 24, 1933, was defeated.

A motion. To adjourn until Monday evening, March 27, 1933, was defeated.

Article 31. Voted: To raise and appropriate the sum of Four Thousand Dollars ($4,000.00) for material and

tools that may be purchased, and for trucking or teaming that may be hired in connection with projects that the Town may undertake to do by Welfare Labor.

Voted: To pass over the remainder of the Article.

Article 32. Voted: To discontinue that part of Courtland Street which extends westerly from the point where the same was discontinued by vote of the Town on August 5, 1931, to its termination at its intersection with Green Street, bounded and described as follows:

Beginning at the northwesterly corner thereof at its intersection with Green Street, thence in an easterly direction by land of one Anna Liss, one hundred thirty-six and 2/10th (136.2) feet to the point where Courtland Street was discontinued by said vote, thence in a southerly direction by said discontinued part of Courtland Street, thirty-seven and 13/100th (37.13) feet to land of one Keene, thence in a westerly direction by land of said Keene, one hundred and twenty-seven and 4/10th (127.4) feet to said Green Street, as shown on plan of "Part of Courtland Street from Green Street to Grafton & Upton Railroad, J. A. Visconti, C. E. annexed hereto."

Voted: To pass over the remainder of the Article.

Article 33. Voted: To pass over the Article.

Article 34. Voted: To pass over the Article.

Article 35. Voted: To raise and appropriate the sum of Eleven Hundred Dollars ($1,100.00) for the care and maintenance of playgrounds. Standing and hand vote. Yes, 270; no, 44.

Vital Statistics

Parents and others are requested to carefully examine the following lists and if any errors or omissions are discovered report them at once to the Town Clerk, that the record may be corrected, as it is of importance that the record of Vital Statistics should be complete. Herewith are extracts from the General Laws of Massachusetts, Chapter 46.

Secton 3. Every physician or hospital medical officer registered under Section nine of Chapter one hundred and twelve, in this chapter called officer, shall keep a record of the birth of every child in cases of which he was in charge, showing date and place of birth, the name, if any, of the child, its sex and color, the name, age, birthplace, occupation and residence (including the street number, if any, and the ward number, if in a city) of each parent, the maiden name of the mother and the name of the physician or officer, if any, personally attending the birth. If the child is illegitimate, the name of and other facts relating to the father shall not be set forth except upon written request of both the father and mother. Said physician or officer shall, within fifteen days after such birth, mail or deliver to the clerk or registrar of the town where such birth occurred, a report stating the facts herein above required to be shown on said record and also the said written request, if any; provided, that if said report is not so made within forty-eight hours after such birth, said physician or officer shall, within said forty-eight hours, mail or deliver to said clerk or registrar a notice stating the date and place of birth, the street number, if any, the ward number, if in a city, and the family name. Upon presentation to him of a certificate of the Town Clerk stating that any such birth has been duly reported, the Town Treasurer shall pay to such physician or officer a fee

of twenty-five cents for each birth so reported. Any physician or any such officer violating any provision of this section shall forfeit not more than twenty-five dollars.

Section 4. A member or servant of a family in which a child is born, having knowledge of the facts required for record relative to such births, shall furnish the same upon request of the clerk of the town where such child was born or its parents reside, or of any person authorized by him. Such member or servant refusing to furnish such facts shall be punished by fine not exceeding ten dollars.

Section 6. Parents, within forty days after the birth of a child, and every householder, within forty days after a birth in his house, shall cause notice thereof to be given to the clerk of the town where such child is born. Every householder in whose house a death occurs and the oldest next-of-kin of a deceased person in the town where the death occurs shall, within five days thereafter, cause notice thereof to be given to the board of health, or, if the selectmen constitute such board, to the town clerk. The keeper, superintendent or person in charge of a workhouse, house of correction, prison, reformatory, hospital, almshouse or other institution, public or private, which receives inmates from within or without the limits of the town where it is located shall, when a person is received, obtain a record of all the facts which would be required for record in the event of the death of such person, and shall, on or before the fifth day of each month, give notice to the town clerk of every birth and death among the persons under his charge during the preceding month.

Blanks for returns of births and deaths may be obtained at the office of the town clerk.
